Dear Mr. HERIBERT KLEIN

As the World's first and only International Film Festivals Committee / CINETOUR we respectfully salute you. World Film Festivals Committee CINETOUR, as a strong family with 64 member countries, continues to build cultural bridges between the countries of the world. Many film festival presidents, directors, TV channels, press members and bureaucrats are members of our committee, which aims to bring together the world's most successful film festivals.

As Cinetour, we are breaking new ground and organizing the "World Film Festivals Congress". We aim to organize our congress in your great country, with the participation of nearly 200 festivals and world media. This organization, followed with interest by the international media, will also constitute an important opportunity for the promotion of your countries cultural and tourism potential.

The planned date for our congress is May 2025. We will be honored if your country hosted this important organization. We kindly ask for your review and evaluation.
Best regards

CAN SARAÇOĞLU
